

Rural Volunteer Fire Department Assistance Program Funding Summary - FY 24 Meeting #1

The 77th Texas Legislature passed House Bill 2604 in 2001, establishing the Rural Volunteer Fire Department Assistance Program. The program assists volunteer fire departments with the purchase of equipment and training.

The Texas A&M Forest Service conducted the first Funding Meeting for Fiscal Year 2024 on October 23, 2023. During this meeting, approximately \$15.7 million in grants was awarded to Texas volunteer fire departments.

All departments awarded a grant at this meeting have received official written notice of approval. Approvals were emailed to each department on October 23, 2023 with application statuses also updated in FireConnect. Follow up notifications will be mailed to non-responding departments on November 13, 2023. Any applications for assistance not approved at this meeting will automatically roll forward and will be reviewed at future Funding Meetings.

The next Funding Meeting is tentatively scheduled for March 6, 2024.
