Good afternoon James! You can get the OEM backup Camera on series 862c, we would just have to add it as a fleet quote. The cost would be \$188. I would be more than happy to put you an itemized quote together if you would like. If you just send me all the options / equipment you are wanting I will put it together and get it back to you ASAP.

Thanks,

ATTN Tommy

Morris Moore Chev-Buick Inc:

Is Opt #812 OEM Rearview Camera available on 1/2 ton Ext Cab (series #862C)?

They aren't listed in options in TPASS SmartBuy "drop down" boxes, but didn't know if were available as catalog option—i.e. just not readily loaded on state's website. If so, what is option's cost: \$\_\_\_\_\_?

Advise please—

Thank you!
