

## **Community Protection Program**

### **2018 Prescribed Fire Grant Application**

#### **Grant Funded Through USDA – Forest Service**

**Award #16-DG-11083148-007, #17-DG-11083148-003, & #15-DG-11083148-007  
CFDA #10.664**

**Scope of Project:** Reduce the hazard of high-risk fuels on private lands through the use of prescribed burning. Treatment area will be within **10 miles** of a National Forest boundary in Texas. These National Forests include the Sam Houston, Sabine, Davey Crockett and Angelina. The goal of the grant is to protect high-risk communities and associated forest resources by reducing the risk of catastrophic wildfire on private and public lands. Priority will be given to projects that meet both criteria. Priority will also be given to landowners that were approved in 2017 grant process but were unable to complete their burn project. The total funding for this grant period is \$197,469.00. No cost shares are involved.

Grant recipients will be reimbursed actual per acre costs associated with conducting the prescribed burn not to exceed the maximum reimbursement rate of \$30.00 per acre with a total limit of 800 acres per recipient.

TFS will supply the grant recipient with an approval to burn letter when all TFS required paperwork has been completed by recipient. Any burning on an approved project prior to receiving an approval to burn letter from TFS will not be eligible for reimbursement.

Application packages post marked on or before Friday, October 13, 2017 will be accepted and considered for funding. **No faxes or e-mailed applications will be accepted.** Please return the completed and signed application packages by mail to:

**Texas A&M Forest Service  
Mitigation & Prevention Department  
2127 S. First Street, Lufkin, Texas 75901  
Attn: Fuels Coordinator**

All applicants will receive a notification of decision letter of either approved or denied no later than December 8, 2017. TFS will also publicize the listing of approved recipients on our website. The grant funding period is from December 8, 2017 to July 31, 2018. No application deadline extensions will be granted.

We will be happy to help with any questions. Please call Andy McCrady, Fuels Coordinator, at (936) 689-9393 or [wmccrady@tfs.tamu.edu](mailto:wmccrady@tfs.tamu.edu) or Tammy Russell, Business Associate III, at (936) 273-2261 or [trussell@tfs.tamu.edu](mailto:trussell@tfs.tamu.edu).

**Project support provided by the U.S. Department of Agricultural, Forest Service, Southern Region, State and Private Forestry Program. This institution is an equal opportunity provider.**

### Applications Must Include:

- Complete landowner information on page 1 including signature and date
- Complete contractor information on page 1 including the vendor's TDA license number
- A comprehensive burn plan along with the "Burn Unit Location" information requested on page 2 of application. **Contracted burn vendor must be a Licensed TDA Certified and Insured Prescribed Burn Manager and must sign and date their submitted burn plan.** See the Texas Department of Agriculture web site for details of a comprehensive burn plan at:  
<http://www.texasagriculture.gov/Home/ProductionAgriculture/PrescribedBurnProgram/SampleBurnPlanDocuments.aspx>
- Location map displaying proximity of burn unit to National Forest
- Burn unit map displaying boundary and acreage of burn unit
- Lat/Long of burn unit (Degrees/Minutes/Seconds)
- County and physical address of burn unit location **or** distance and direction to nearest intersection

### Additional Information of Prescribed Fire Grant:

- Multiple applications may be submitted per individual, but grant is competitive and selection will be based on the goal of reducing the risk of catastrophic wildfire near communities. All applications will receive a notification of decision by mail by December 8, 2017.
- **The completed application package must be received by TFS or post marked on or before October 13, 2017.** Deadline for applications is firm. No fax or e-mailed applications will be accepted. Selection process will begin immediately.
- Name on application, grant agreement, and invoice for payment must match.
- TFS personnel may contact and speak directly with recipient's burn vendor about burn dates after the recipient has received the approval to burn notification letter from TFS.
- Grant is to be used only for the reimbursement of costs to landowners for private contractor to conduct a prescribed burn (maximum of \$30.00 per acre and maximum of 800 acres of total burns).
- Grant funds do not apply and will not be provided to reimburse charges for application or creation of burn plans by a private contractor.
- TFS may complete an on-site assessment prior to approval of recipient's application.

### If you are selected:

- All grant documents including agreement must be completed and signed by applicant and approved by Texas A & M Forest Service before the prescribed burn can take place.
- TFS staff member will make a short site documentation visit and take pre-burn photos of vegetation condition along with a final post burn inspection and photos of vegetation after the burn.
- **TFS will supply the recipient with an approval to burn letter when all TFS paperwork has been completed by recipient. Any burning on approved project prior to receiving this notice may forfeit recipient's prescribed burn funding.**
- No exchange of land tracts will be allowed. Reimbursement made only upon approved contracted land tract.
- **Recipient's burn contractor should notify TFS at least 24 hours prior to the prescribed burn taking place, along with notifying TFS when the burn has been completed. Contractor should call Andy McCrady, TFS Fuels Coordinator, at (936) 689-9393 or secondary contact Bobby Dixon, TFS Resource Specialist, at (904) 204-5698 with this notification.**
