

ANNUAL REPORT

FISCAL YEAR 2015

RURAL VOLUNTEER FIRE DEPARTMENT ASSISTANCE PROGRAM (RVFDAP or HB 2604 PROGRAM)

I. OVERVIEW

The Rural Volunteer Fire Department Assistance Program (also known as the RVFDAP or the HB 2604 Program) was established in 2001 by the 77th Texas Legislature and expanded in 2009 by the 81st Legislature. RVFDAP provides two types of grants: VFD Assistance Grants and TIFMAS Grants. The program is administered by the Texas A&M Forest Service (TFS).

VFD Assistance Grants

The VFD Assistance Grants are funded through the Rural Volunteer Fire Department Assistance Fund (Fund 5064), which is composed of revenue derived from an assessment on certain property and casualty insurers. The VFD Assistance Grant criteria, process and procedures were developed in the spring of 2002 in consultation with statewide advisory groups composed of firefighters, community leaders, educators, representatives from the State Firemen's and Fire Marshals' Association of Texas, Texas A&M Engineering Extension Service, and the Texas Commission on Fire Protection. The VFD Assistance Grants are cost-share grants provided to volunteer fire departments in the following categories:

Category	Grant Funding Limits
Fire Trucks Fire Truck Chassis' /Slip-On Units	90% of the actual cost not to exceed assigned maximums
Fire Equipment / Rescue Equipment Training Equipment	75% of the actual cost not to exceed assigned maximums
Firefighter Protective Clothing	90% of the actual cost not to exceed assigned maximums
Firefighter Training Tuition Fire Training Libraries	100% of the cost of approved courses, subject to assigned maximums
Dry Hydrants	100% of the costs of components, subject to assigned maximum

TIFMAS Grants

The 81st Texas Legislature transferred \$1,000,000 from the Texas Commission on Fire Protection's Fire Department Emergency Program to TFS for administration under the RVFDAP in January of 2010. These funds are from the Department of Insurance Fund (Fund 036) and are maintained in a separate account within the Rural Volunteer Fire Department Assistance Fund (Fund 5064), as required by statute. TFS worked closely with fire service advisors to develop criteria, processes and procedures for these grants. TIFMAS is an acronym for Texas Intrastate Fire Mutual Aid System. The TIFMAS Grants are awarded to fire departments that are not eligible for the VFD Assistance Grants.

II. ACTIVITY

VFD Assistance Grants

Funds were apportioned by Region at the beginning of the year as follows:

<u>WEST TEXAS</u>	<u>CENTRAL TEXAS</u>	<u>EAST TEXAS</u>
21%	57%	22%

These allocations correspond to the location of the state's approximate 1,700 volunteer fire departments.

In fiscal year 2015, the grants budget was \$12,787,500. The Texas A&M Forest Service continued its statewide funding strategy for the HB 2604 Program. Priority was placed on approving outstanding grant applications for fire trucks in an effort to assist every qualified volunteer fire department with the acquisition of at least one fire truck. Grant funds were distributed by Region in these proportions:

<u>WEST TEXAS</u>	<u>CENTRAL TEXAS</u>	<u>EAST TEXAS</u>
20.31%	57.74%	21.95%

TIFMAS Grants

In fiscal year 2015, TIFMAS grants were approved in the categories of TIFMAS vehicles, and training tuition grants. Funds were apportioned 80% to TIFMAS vehicles, and to 20% training tuition grants. TIFMAS vehicle grants were approved and assigned to applicants within three of the eight TFS branches in the state based upon the established branch rotation schedule.

IV. PLANS FOR FY 2016

The spending authority for the VFD Assistance Grants is set at \$24,287,500. TFS will continue approving outstanding grant applications for volunteer fire departments (VFDs) requesting assistance for second fire truck through this program.

V. LEGISLATIVE NEED

The RVFDAP has been incredibly successful program since it was initiated by the 77th Texas Legislature. However, with over \$140 million in unfunded requests, much remains to be done. Increasing the program's spending authority would greatly expedite the program's ability to provide funding to rural fire departments.

VI. EFFECTIVENESS

The RVFDAP continues to be a highly effective program and is recognized nationwide as one of the most successful legislative initiatives to assist VFDs. In its first 12 years of operation it has placed into service over 1,500 fire trucks, has provided safety gear to an estimated 68,000 firefighters, and has helped train approximately 57,000 firefighters. In 2006, the USDA Forest Service awarded the program its national Franklin Award for outstanding service in protecting underserved rural communities.

TFS continues to leverage RVFDAP funds with federal USDA funds in an effort to maximize program assistance. The program has a simple and straightforward grant application process that makes it easy for rural fire departments to apply.

The program continues to be very user friendly and responsive to the needs of Texas communities. It has experienced overwhelming support and participation from Texas fire departments. Grant application backlogs are forecasted to continue for the foreseeable future.

On behalf of volunteer fire departments everywhere, the Texas A&M Forest Service extends its sincere thanks and gratitude to the members of the Texas Legislature who work to sustain and strengthen this valuable program.
