

## ANNUAL REPORT

FISCAL YEAR 2019

### RURAL VOLUNTEER FIRE DEPARTMENT ASSISTANCE PROGRAM

#### I. OVERVIEW

The Rural Volunteer Fire Department Assistance Program (RVFDAP) was established in 2001 by the 77th Texas Legislature and expanded in 2009 by the 81<sup>st</sup> Legislature. RVFDAP provides two types of grants: VFD Assistance Grants and TIFMAS Grants. The program is administered by the Texas A&M Forest Service (TFS).

#### VFD Assistance Grants

The VFD Assistance Grants are funded through the Rural Volunteer Fire Department Assistance Fund (Fund 5064), which is composed of revenue derived from an assessment to certain property and casualty insurers. The VFD Assistance Grant criteria, process and procedures were developed in the spring of 2002 in consultation with statewide advisory groups composed of firefighters, community leaders, educators, representatives from the State Firemen's and Fire Marshals' Association of Texas, Texas A&M Engineering Extension Service, and the Texas Commission on Fire Protection. The VFD Assistance Grants are cost-share grants provided to volunteer fire departments in the following categories:

Category	Grant Funding Limits
Fire Trucks Fire Truck Chassis' /Slip-On Units	90% of the actual cost not to exceed assigned maximums
Fire / Rescue Equipment	75% of the actual cost not to exceed assigned maximums
Firefighter Protective Clothing	90% of the actual cost not to exceed assigned maximums
Firefighter Training Tuition Fire Training Aids	100% of the cost of approved courses, subject to assigned maximums
Dry Hydrants	100% of the costs of components, subject to assigned maximum

## TIFMAS Grants

The 81<sup>st</sup> Texas Legislature transferred the \$1,000,000 per year Fire Department Emergency Program from the Texas Commission on Fire Protection to TFS for administration under the RVFDAP in January of 2010. These funds are from the Department of Insurance Fund (Fund 036) and are maintained in a separate account within Fund 5064, as required by statute. TFS worked closely with fire service advisors to develop criteria, processes and procedures for these funds to be used for Texas Intrastate Fire Mutual Aid System (TIFMAS) Grants, which are awarded to fire departments that are not eligible for the VFD Assistance Grants. Fire departments participating in TIFMAS provide a critical surge capacity that cannot be met with out of state resources. TIFMAS grants provide equipment and training to support the participating departments.

## II. ACTIVITY

### VFD Assistance Grants

In FY 2019, VFD Assistance Grant funds were apportioned by Region at the beginning of the year as follows:

<u>WEST TEXAS</u>	<u>CENTRAL TEXAS</u>	<u>EAST TEXAS</u>
22%	55%	23%

These allocations correspond to the location of the state's approximate 1,672 volunteer fire departments.

**The FY 2019 VFD Assistance Grants budget was \$17,276,395.** Program administration costs (including program delivery) is authorized at 7%. For FY 2019, **administrative costs were 4.32%**, thereby allowing additional grant awards to program participants. Priority was placed on approving outstanding grant applications for fire trucks. Actual grant funds awarded were distributed as follows:

<u>WEST TEXAS</u>	<u>CENTRAL TEXAS</u>	<u>EAST TEXAS</u>
21.44%	55.40%	23.16%

TFS conducted funding meetings in October, March and August. The following is a summary of the grant awards by category:

<b>Category</b>	<b>Number of Grants Awarded</b>	<b>Dollar Value of Grants</b>
Fire Trucks	51	\$ 8,724,625.12
Fire Truck Chassis / Slip-On Units	88	\$ 2,325,472.40
Fire/Rescue Equipment	120	\$ 1,946,617.78
Personal Protective Equipment (PPE)	213	\$ 2,552,265.14
Training	1,963 <i>6,008- Students</i> <i>95- Aids</i>	\$ 2,990,281.26
<b>Total</b>	<b>2,435</b>	<b>\$18,539,261.70</b>

### TIFMAS Grants

In fiscal year 2019, TIFMAS Grant funds were apportioned 80% to TIFMAS vehicles and 20% to training tuition grants. TIFMAS vehicle grants were approved and assigned to applicants within three of the eight TFS branches in the state to meet the strategic needs of TIFMAS. The following is a summary of TIFMAS grant awards by category:

<b>Category</b>	<b>Number of Grants Awarded</b>	<b>Dollar Value of Grants</b>
Fire Trucks	2	\$ 768,716.00
Training Tuition	155 <i>755 - Students</i>	\$ 220,917.50
<b>Total</b>	<b>157</b>	<b>\$ 989,633.50</b>

### III. PLANS FOR FY 2020

Spending authority is set at \$17,276,395 for VFD Assistance Grants and \$1,000,000 for TIFMAS Grants. TFS will continue approving outstanding grant applications for VFDs requesting assistance for a second fire truck.

#### IV. LEGISLATIVE NEED

The RVFDAP has been an incredibly successful program since it was initiated by the 77<sup>th</sup> Texas Legislature. However, with nearly \$220 million in unfunded VFD Assistance Grant requests, much remains to be done. Sustaining the program's increased spending authority would greatly assist in addressing the unfunded requests. Also, increased funding for TIFMAS Grants is needed to further strengthen the TIFMAS program and the critical surge capacity that it provides to the state.

#### V. EFFECTIVENESS

The RVFDAP continues to be a highly effective program and is recognized nationwide as one of the most successful legislative initiatives to assist fire departments and build capacity in the fire service.

In its 17 years of operation, **VFD grants have placed into service over 1,850 fire trucks, has provided safety gear to over 69,800 firefighters, and has helped train over 84,000 firefighters.** TFS continues to leverage RVFDAP funds with federal USDA funds to provide VFD grants in an effort to maximize program assistance. In 2006, the USDA Forest Service awarded the program its national Franklin Award for outstanding service in protecting underserved rural communities.

In its eight years of operation, **TIFMAS grants have placed into service over 46 fire trucks, and has helped train approximately 8,000 firefighters.** The grants have made a significant improvement in the state's ability to rapidly mobilize large groups of firefighters and engine teams from unaffected areas to meet critical emergency response needs. Since 2008, **TIFMAS mobilizations have provided 1,146 fire engines and 4,585 firefighters during state-lead emergency response.**

The program and its' components continue to be very user friendly and responsive to the needs of Texas communities. It offers a simple and straightforward grant application process that makes it easy for fire departments to apply. And, has experienced overwhelming support and participation from Texas fire departments. As a result, grant application backlogs are forecasted to continue for the foreseeable future.

On behalf of volunteer fire departments everywhere, TFS extends its sincere thanks and gratitude to the members of the Texas Legislature who work to sustain and strengthen this valuable program.

**Texas A&M Forest Service**
