

ANNUAL REPORT

FISCAL YEAR 2024

RURAL VOLUNTEER FIRE DEPARTMENT INSURANCE PROGRAM (HB 3667)

I. OVERVIEW

The Rural Volunteer Fire Department Insurance Program was established in 2001 by the 77th Texas Legislature (House Bill 3667). The program provides grants to rural volunteer fire departments to assist in the purchase of workers' compensation, death and disability insurance for members of volunteer fire departments. The program is funded through the Rural Volunteer Fire Department Insurance Fund (Fund 5066), which is composed of tax revenue from the sale of fireworks.

The program receives advice from the HB 3667 Advisory Council, an appointed body of private citizens. This Council recommends the annual grant reimbursement rate to be offered based upon forecast revenue and the forecast enrollment of members of volunteer fire departments.

The program is administered by the Texas A&M Forest Service.

II. ACTIVITY

The FY 2024 expense budget for the Rural Volunteer Fire Department Insurance Program was set at \$2,530,000 based on the revised revenue estimate from the Texas Comptroller of Public Accounts. Of this total, \$2,445,053 was allocated to grants and \$84,947 to administrative costs.

The HB 3667 Advisory Council recommended providing a maximum grant of \$190 per enrolled member with a provision to include a supplemental offering in FY 2024. The grants reimbursed fire departments for actual insurance coverage purchased for their members, not to exceed the grant maximum.

The agency launched open enrollment beginning in November 2023. Enrollment remained open through August 10, 2024.

III. STATUS

The program achieved positive enrollment in Fiscal Year 2024. The following grants were awarded:

<u>Number of Enrolled Fire Departments</u>	<u>Number of Firefighters Covered</u>	<u>Grant Funds Awarded</u>
642	13,998	\$ 2,458,558.99

The attached summary presents the individual disposition of grant funds awarded in FY 2024.

IV. PLANS FOR FY 2025

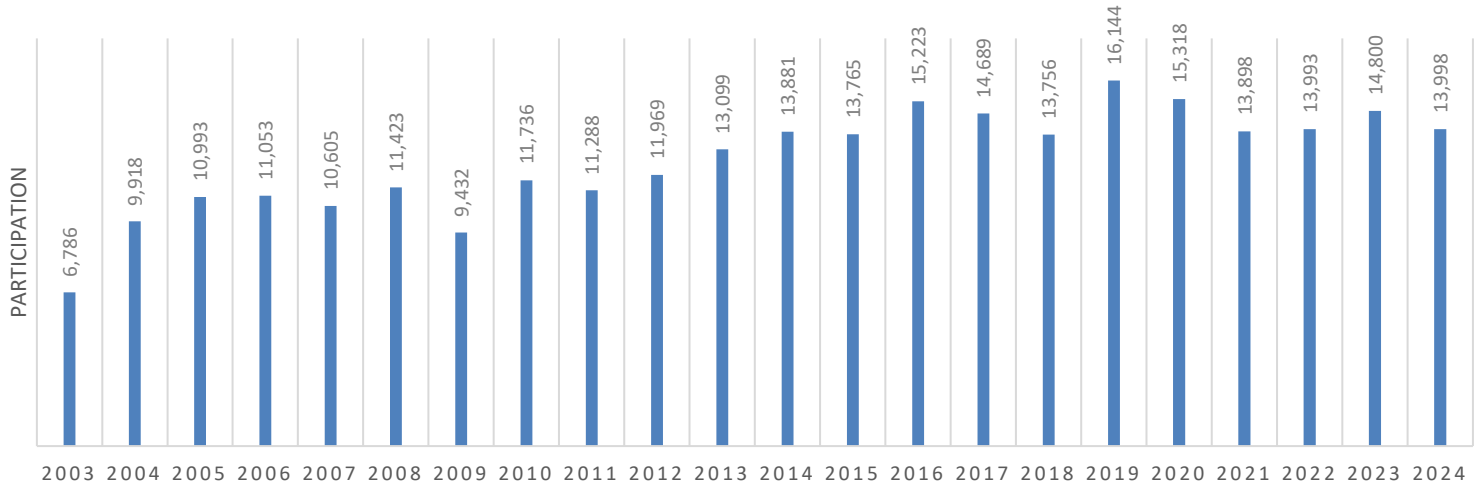

The HB 3667 Advisory Council will be meeting in mid-October to discuss plans for FY 2025. A reimbursement rate of \$220 per enrollee is being considered for FY 2025, which would be consistent with the FY 2024 rate and supplemental total. After consultation with the Advisory Council, the new rate will be implemented with open enrollment scheduled to begin in November 2024 and end July 31, 2025, subject to the availability of grant funds. Based upon program participation and actual revenue received, a supplemental offering may be considered in August 2025.

V. EFFECTIVENESS

This is a very effective program. Approximately 58% of grant recipients were reimbursed 100% of their cost of insurance coverage for their members under this program.

The Texas A&M Forest Service has continued to improve the effectiveness of the Rural Volunteer Fire Department Insurance Program by increasing program awareness and by maintaining a user-friendly application and an efficient process for enrollees.
