

**ANNUAL REPORT
FISCAL YEAR 2025**

RURAL VOLUNTEER FIRE DEPARTMENT ASSISTANCE PROGRAM

I. OVERVIEW

The Rural Volunteer Fire Department Assistance Program (RVFDAP) was established in 2001 by the 77th Texas Legislature and expanded in 2009 by the 81st Legislature. RVFDAP provides two types of grants: VFD Assistance Grants and TIFMAS Grants. The program is administered by the Texas A&M Forest Service.

VFD Assistance Grants

The VFD Assistance Grants are funded through the Rural Volunteer Fire Department Assistance Fund (Fund 5064), which is composed of revenue derived from an assessment to certain property and casualty insurers. Program procedures are routinely reviewed and updated and serve as the foundation for all program operations. Periodic reviews and updates have been performed throughout the life of the program to ensure the criteria and procedures remain effective and efficient. The VFD Assistance Grants are cost-share grants provided to volunteer fire departments within the following categories and funding limits:

| Category | Grant Funding Limits |
|---|---|
| Fire Trucks Fire Truck Chassis / Slip-On Units | 90% of the actual cost not to exceed assigned maximums |
| Fire / Rescue Equipment | 90% of the actual cost not to exceed assigned maximums |
| Firefighter Protective Clothing | 90% of the actual cost not to exceed assigned maximums |
| Firefighter Training Tuition Fire Training Aids | 100% of the cost of approved courses, subject to assigned maximums |
| Dry Hydrants | 100% of the costs of components, subject to assigned maximum |
| Emergency Grants – Catastrophic Loss and Declared State of Disaster | Not to exceed assigned maximums: 100% of the actual cost of essential equipment 90% of the actual cost of vehicle replacement |

TIFMAS Grants

The 81st Texas Legislature transferred the \$1,000,000 per year Fire Department Emergency Program from the Texas Commission on Fire Protection to Texas A&M Forest Service for administration under the RVFDAP in January of 2010. These funds are from the Department of Insurance Fund (Fund 036) and are maintained in a separate account within Fund 5064, as required by statute. Program procedures are routinely reviewed and updated, and serve as the foundation for all program operations. Periodic

reviews and updates have been performed throughout the life of the program to ensure the criteria and procedures remain effective and efficient. Fire departments participating in TIFMAS provide a critical surge capacity that cannot be met with out of state resources. TIFMAS grants provide equipment and training to support the participating departments.

II. ACTIVITY

VFD Assistance Grants

In FY 2025, VFD Assistance Grant funds were apportioned by Region at the beginning of the year as follows:

| <u>WEST TEXAS</u> | <u>CENTRAL TEXAS</u> | <u>EAST TEXAS</u> |
|-------------------|----------------------|-------------------|
| 22% | 55% | 23% |

These allocations correspond to the location of the state's approximately 1,480 volunteer fire departments.

The FY 2025 VFD Assistance Grants budget was \$21,670,320. Program administration costs (including program delivery) are authorized at 7% which were effectively managed for FY 2025 demonstrating our commitment to strong financial stewardship. Priority was placed on approving outstanding grant applications for fire trucks. Actual grant funds awarded were distributed as follows:

| <u>WEST TEXAS</u> | <u>CENTRAL TEXAS</u> | <u>EAST TEXAS</u> |
|-------------------|----------------------|-------------------|
| 22.19% | 53.87% | 23.94% |

The agency conducted funding meetings in October, April, and August. The following is a summary of the grant awards by category:

Regular Grant Awards

| Category | Number of Grants Awarded | Dollar Value of Grants |
|-------------------------------------|---|-------------------------------|
| Fire Trucks | 46 | \$ 10,699,639.93 |
| Fire Truck Chassis / Slip-On Units | 87 | \$ 3,369,343.41 |

|--------------------|--------------------------|------------------------|
| Repair/Replacement | 50 | \$ 480,354.66 |
| Total | 50 | \$ 480,354.66 |

TIFMAS Grants

The FY 2025 TIFMAS Grants budget was \$2,500,000. Grant funds were apportioned 80% to vehicles and 20% to training tuitions. Vehicle grants were approved and assigned to applicants in the state to meet strategic needs. The following is a summary of TIFMAS grant awards by category:

| Category | Number of Grants Awarded | Dollar Value of Grants |
|------------------|--------------------------|------------------------|
| Fire Trucks | 4 | \$ 2,232,839.02 |
| Training Tuition | 350 821 - Students | \$ 260,490.00 |
| Total | 354 | \$ 2,493,329.02 |

III. PLANS FOR FY 2026

Spending authority is set at \$235,080,131 for VFD Assistance Grants. The \$192,291,000 exceptional appropriation from the 89th Legislature will greatly assist in addressing unfunded grant requests in the program. We are grateful to state leadership for recognizing the importance of fire protection. This funding sends a strong message that volunteer fire departments and the communities they serve matter.

The agency will continue its objective to award fire truck grants in the second round, with the goal of ensuring that each eligible department that applies receives one truck, while also leveraging available grant funds to make awards across all program categories.

Spending authority is set at \$2,500,000 for TIFMAS Grants. The funding will continue to be utilized to strengthen the critical surge capacity that TIFMAS provides to the state.

IV. EFFECTIVENESS

RVFDAP has been an incredibly successful program since it was initiated. RVFDAP continues to be a highly effective program and is recognized nationwide as one of the most successful legislative initiatives to assist fire departments and build capacity in the fire service.

In its twenty-three years of operation, **VFD grants have placed into service over 2,231 fire trucks, provided safety gear and equipment to over 3,099 departments, and helped train over 108,637 firefighters.** Texas A&M Forest Service continues to leverage RVFDAP funds with federal USDA funds to provide VFD grants in an effort to maximize program assistance.

In its fifteen years of operation, **TIFMAS grants have placed into service over 67 fire trucks and helped train approximately 11,418 firefighters.** The grants have made a significant improvement in the state's ability to rapidly mobilize large groups of firefighters and engine teams from unaffected areas to meet critical emergency response needs. Since 2008, **TIFMAS mobilizations have provided 3,749 engines and 17,442 firefighters during state-led emergency response.**

The program and its components continue to be very user friendly and responsive to the needs of Texas communities. It offers a simple and straightforward grant application process that makes it easy for fire departments to apply. The program has experienced overwhelming support and participation from Texas fire departments.
